Če se je o posameznem kandidatu z liste kandidatov glasovalo v dveh volilnih okrajih, volilna komisija volilne enote ugotovi delež glasov takega kandidata v skupnem številu glasov, oddanih v obeh volilnih okrajih.

Article 89

For each list of candidates, the constituency electoral commission shall determine the following: the total number of votes cast for individual candidates from the list in electoral districts; the share of votes of individual candidates in the overall number of votes cast in the electoral district; and the total number of votes cast for the list in the constituency.

Volilna komisija ugotovi tudi skupno število glasov, oddanih za vse liste kandidatov v volilni enoti.

89.a člen

Državna volilna komisija ugotovi za območje države, koliko glasov so dobili posamezni kandidati z liste po volilnih okrajih, koliko glasov so dobile liste po volilnih enotah in skupno število glasov, oddanih za vse liste kandidatov na območju države. Pri tem volilna komisija upošteva tudi izid glasovanja na diplomatsko-konzularnih predstavništvih Republike Slovenije in po pošti iz tujine, ki je prispela v državno volilno komisijo v roku iz 87. člena tega zakona. Izid glasovanja iz prejšnjega stavka državna volilna komisija ugotavlja po volilnih okrajih.

Državna volilna komisija sporoči volilnim komisijam volilnih enot končni izid glasovanja za posamezno volilno enoto.

Na podlagi ugotovljenega izida glasovanja za območje države državna volilna komisija ugotovi, katere liste kandidatov oziroma istoimenske liste kandidatov so na območju države dobile najmanj 4% od skupnega števila glasov, oddanih za vse liste na območju države, in se upoštevajo pri delitvi mandatov.

X.a UGOTAVLJANJE IZIDA VOLITEV

90. člen

Število mandatov, ki jih dobi posamezna lista, se ugotovi s količnikom, ki se izračuna tako, da se skupno število glasov, oddanih za vse liste kandidatov v volilni enoti, deli s številom poslancev, ki se volijo v volilni enoti, povečanim za ena, kar se zaokroži na celo število navzgor. S tem količnikom se deli število glasov za listo. Listi pripada toliko mandatov, kolikokrat je količnik vsebovan v številu glasov za listo.

The electoral commission shall also determine the total number of votes cast for all lists of candidates in a constituency.

Article 89a

For the area of the state, the National Electoral Commission shall determine the following: the number of votes cast for individual candidates from the lists in electoral districts, the number of votes cast for the lists in constituencies, and the total number of votes cast for all lists of candidates for the area of the state. In doing so, the electoral commission shall also take into account the results of the voting at diplomatic or consular representatives offices of the Republic of Slovenia and by post from abroad received by the National Electoral Commission by the time limit specified in Article 87 of this Act. The National Electoral Commission shall determine the results of the voting referred to in the preceding sentence by electoral districts.

The National Electoral Commission shall communicate to constituency electoral commissions the final results of the voting for each constituency.

Based on the results of the voting for the area of the state, the National Electoral Commission shall determine which lists of candidates or lists of candidates having the same name have received in the area of the state at least 4% of the total number of votes cast for all lists in the area of the state and which shall be taken into account in the allocation of seats.

X.a DETERMINATION OF ELECTION RESULTS

Article 90

The number of seats received by an individual list shall be determined by a quotient calculated by dividing the total number of votes cast for all lists of candidates in a constituency by the number of deputies to be elected in the constituency, increased by one, which shall be rounded up to the next full number. The number of votes cast for a list shall be divided by this quotient. The list shall be allocated the number of seats

Ne glede na določbo prejšnjega odstavka, lista, ki ne izpolnjuje pogoja iz tretjega odstavka 92. člena tega zakona, mandata ne pridobi.

91. člen

Z liste kandidatov je izvoljenih toliko kandidatov, kolikor mandatov je dobila lista.

Z liste kandidatov so izvoljeni kandidati po vrstnem redu dobljenega deleža glasov v skupnem številu glasov v volilnem okraju oziroma v skupnem številu glasov v dveh volilnih okrajih.

Če sta dva kandidata dobila enak delež glasov, o izvolitvi med njima odloča žreb.

92. člen

Mandati, ki niso bili razdeljeni v volilnih enotah, se razdelijo na ravni države tako, da se listam oziroma istoimenskim listam dodeli toliko mandatov, kolikor znaša razlika med številom mandatov, ki bi jim pripadli na podlagi seštevka glasov na ravni države, in številom mandatov, ki so jih dobile v volilnih enotah.

Za razdelitev teh mandatov se najprej ugotovi, koliko od vseh 88 mandatov bi pripadlo listam oziroma istoimenskim listam sorazmerno številu glasov, ki so jih dobile v vseh volilnih enotah. To se ugotovi na podlagi zaporedja najvišjih količnikov, ki se izračunajo tako, da se seštevki glasov, ki so jih dobile liste oziroma istoimenske liste v vseh volilnih enotah, delijo z vsemi števili od 1 do 88 (d'Hondtov sistem).

Tiste liste oziroma istoimenske liste, ki na območju države niso dobile najmanj 4% od skupnega števila glasov, se pri delitvi mandatov ne upoštevajo.

equal to the number of times the quotient divides into the number of votes for the list.

Notwithstanding the provisions of the preceding paragraph, seats shall not be allocated to a list that does not meet the condition referred to in paragraph three of Article 92 of this Act.

Article 91

For each list of candidates, the number of candidates elected shall be equal to the number of seats received by the list.

Candidates from a list of candidates shall be elected according to their share of votes in the overall number of votes in an electoral district or in the overall number of votes in two electoral districts.

If two candidates received the same number of votes, lots shall be drawn.

Article 92

Seats not distributed to the constituencies shall be distributed at the state level in a manner such that the lists or the lists having the same name shall be allocated a number of seats equal to the difference between the number of seats they would have been allocated based on the sum of votes at the state level and the number of seats they have received in constituencies.

For the distribution of these seats it shall first be determined how many of all 88 seats would be assigned to lists having the same name, in proportion to the number of votes they received in all constituencies. This shall be determined on the basis of the highest quotients, which shall be calculated by dividing the sums of votes cast for lists having the same name in all constituencies by all numbers from 1 to 88 (the d'Hondt system).

The lists or lists having the same name that have not received at least 4% of the total number of votes at the state level shall not be taken into account in the distribution of seats.

Mandati iz prvega odstavka tega člena se dodelijo listam oziroma istoimenskim listam po vrstnem redu najvišjih količnikov iz prejšnjega odstavka, pri čemer se višji količniki štejejo kot mandati, ki jih je lista oziroma istoimenska lista prejela na podlagi 90. člena tega zakona.

Če bi kateri od list oziroma istoimenskih list pri delitvi mandatov v skladu s prvim odstavkom tega člena pripadlo manj mandatov, kakor jih je dobila pri delitvi na ravni volilne enote, se pri ugotavljanju, koliko mandatov bi pripadlo listam oziroma istoimenskim listam na podlagi seštevka glasov na ravni države, upošteva zmanjšano skupno število mandatov, ki jih je treba še razdeliti na ravni države.

93. člen

Mandati, ki jih dobijo istoimenske liste pri delitvi na državni ravni, se dodelijo listam v volilnih enotah, ki imajo največje ostanke glasov v razmerju do količnika v volilni enoti iz 90. člena tega zakona. Če so v volilni enoti že razdeljeni vsi mandati, se mandat dodeli listi v volilni enoti, v kateri ima lista naslednji največji ostanek glasov v razmerju do količnika v volilni enoti. Z liste kandidatov so izvoljeni kandidati v skladu z 91. členom tega zakona.

94. člen

Izid volitev v volilni enoti ugotovi volilna komisija volilne enote. O tem in o svojem delu sestavi zapisnik, ki ga podpišejo predsednik in člani komisije. Zapisnik in drug volilni material pošlje državni volilni komisiji.

Izid volitev na državni ravni ugotovi državna volilna komisija. O tem sestavi zapisnik, ki ga podpišejo predsednik in člani komisije.

The seats referred to in paragraph one of this Article shall be allocated to the lists or lists having the same name according to the highest quotients referred to in the preceding paragraph, whereby higher quotients shall be deemed seats that the list or list having the same name is allocated based on Article 90 of this Act.

If, in the distribution of seats pursuant to paragraph one of this Article, a list or list having the same name is assigned fewer seats than it received in the distribution of seats at the level of the constituency, a reduced total number of seats that have yet to be distributed at the state level shall be taken into account in order to determine how many seats would be allocated to lists or lists having the same name based on the sums of votes at the state level.

Article 93

Seats received by lists having the same name in the distribution at the state level shall be allocated to lists in the constituencies that are left with the highest remainder of votes in proportion to the quotient in the constituency according to Article 90 of this Act. If all seats in a constituency are distributed, the seat shall be allocated to the list in a constituency in which the list has the next highest remainder of votes in proportion to the quotient in the constituency. Candidates from the lists of candidates shall be elected in accordance with Article 91 of this Act.

Article 94

The results of elections in constituencies shall be determined by the constituency electoral commission. It shall enter the results and its work in the records, which shall be signed by the chairman and the members of the commission. The records and other voting material shall be sent to the National Electoral Commission.

The National Electoral Commission shall determine the results of elections at the state level. It shall enter the results in the records, which shall be signed by the chairman and members of the commission.

95. člen

Volilna komisija posebne volilne enote za volitve poslancev italijanske oziroma madžarske narodne skupnosti ugotovi, koliko volivcev je vpisano v volilni imenik, koliko od njih je glasovalo, koliko jih je glasovalo po pošti, koliko glasovnic je bilo neveljavnih in prednostni vrstni red kandidatov.

Prednostni vrstni red kandidatov se točkuje. Za vsako prvo mesto se dodeli kandidatu toliko točk, kolikor je kandidatov na glasovnici. Za vsako naslednje mesto se dodeli točka manj. Točke, ki jih dobi posamezni kandidat, se seštejejo.

96. člen

Za poslanca italijanske oziroma madžarske narodne skupnosti je izvoljen tisti kandidat, ki je dobil največje število točk v volilni enoti. Če je dvoje ali več kandidatov dobilo enako največje število točk, med njimi o izvolitvi odloči žreb. Žreb opravi volilna komisija posebne volilne enote ob navzočnosti kandidatov oziroma njihovih predstavnikov.

Volilni izid iz prejšnjega odstavka ugotovi volilna komisija posebne volilne enote. O tem in o svojem delu sestavi zapisnik, ki ga podpišejo predsednik in člani komisije. Zapisnik in drug volilni material pošlje državni volilni komisiji.

97. člen

Izid volitev v državni zbor se objavi v Uradnem listu Republike Slovenije.

98. člen

Izvoljenemu poslancu izda državna volilna komisija potrdilo o izvolitvi.
